ATLANTO-AXIAL INSTABILITY ASSESSMENT FOR ATHLETES WITH DOWN SYNDROME

EXAMINER'S NOTE: If the athlete has Down syndrome, Special Olympics requires a full radiological examination establishing the absence of Atlanto-axial Instability before he/she may participate in sports or events which, by their nature, may result in hyperextension, radical flexion or direct pressure on the neck or upper spine. The sports and events for which such a radiological examination is required are: judo, equestrian sports, gymnastics, diving, pentathlon, butterfly stroke and diving starts in swimming, high jump, alpine skiing, snowboarding, squat lift, and football team competition (soccer).

Yes No

Has an x-ray evaluation for atlanto-axial instability been done?

If yes, was it positive for atlanto-axial instability? (positive indicates that the atlanto-dens interval is 5mm or more)

OFFICIAL SPECIAL OLYMPICS RELEASE FORM

RELEASE TO BE COMPLETED BY ADULT ATHLETE

I, _____ am at least 18 years old and have submitted the attached application for participation in Special Olympics. I represent and warrant that, to the best of my knowledge and belief, I am physically and mentally able to participate in Special Olympics activities. I also represent that a licensed physician has reviewed the health information contained in my application and has certified, based on an independent medical examination, that there is no medical evidence which would preclude me from participating in Special Olympics. I understand that if I have Down Syndrome, I cannot participate in sports or events which, by their nature, result in hyper-extension, radical flexion or direct pressure on my neck or upper spine unless I and two physicians have completed the official "Special Release for Athletes with Atlanto-axial Instability," available from the Special Olympics Chapter program in my state, or I have had a full radiological examination which establishes the absence of Atlanto-axial Instability. I must have the radiological examination before I can participate in equestrian sports, gymnastics, diving, pentathlon, butterfly stroke, diving starts in swimming, high jump, alpine skiing, and soccer.

Special Olympics has my permission, (both during and anytime after), to use my likeness, name voice, or words in either television, radio, film. Newspapers, magazines, and any other media, and in any form, for the purpose of advertising or communicating the purposes and activities of Special Olympics and/or applying for funds to support these purposes and activities. If, during my participation in Special Olympics activities, I should need medical treatment, and I am not able to give my consent or make my own arrangements for that treatment because of my injuries, I authorize Special Olympics to take whatever measures are necessary to protect my health and well-being, including, if necessary, hospitalization.

I, the athlete named above, have read this paper and fully understand the provisions of the release that I am signing. I understand that by signing this paper, I am saying that I agree to the provisions of this release.

RELEASE TO BE COMPLETED BY PARENT OR GUARDIAN OF MINOR ATHLETE

I am the parent/guardian of _____, the minor athlete, on whose behalf I have submitted the attached application for participation in Special Olympics, I hereby represent that the athlete has my permission to participate in Special Olympics activities.

I further represent and warrant that, to the best of my knowledge and belief, the athlete is physically and mentally able to participate in Special Olympics activities. With my approval, a licensed physician has reviewed the health information set forth in the athlete's application and has certified, based on an independent medical examination, that there is no medical evidence which would preclude the athlete's participation. I understand that if the athlete has Down Syndrome, he/she cannot participate in sports or events which, by their nature, result in hyper-extension, radical flexion or direct pressure on my neck or upper spine unless I and two physicians have completed the official "Special Release for Athletes with Atlanto-axial Instability," available from the Special Olympics Chapter program in my state, or the athlete has had a full radiological examination which establishes the absence of Atlanto-axial Instability. I am aware that if I choose not to complete the "Special Release for Athletes with Atlanto-axial Instability" form which establishes the absence of Atlanto-axial Instability, the athlete must have the radiological examination before he/she can participate in equestrian sports, gymnastics, diving, pentathlon, butterfly stroke, diving starts in swimming, high jump, alpine skiing, and soccer.

In permitting the athlete to participate, I am specifically granting my permission, (both during and anytime after), to Special Olympics to use the athlete's likeness, name voice, or words in either television, radio, film. Newspapers, magazines, and any other media, and in any form, for the purpose of advertising or communicating the purposes and activities of Special Olympics and/or applying for funds to support these purposes and activities.

If a medical emergency should arise during the athlete's participation in Special Olympics activities, at a time when I am not personally present so as to be consulted regarding the athlete's care, I hereby authorize Special Olympics, on my behalf, to take whatever measures are necessary to ensure that the athlete is provided with any emergency medical treatment, including hospitalization, which Special Olympics deems advisable in order to protect the athlete's health and well-being. I am the parent (guardian) of the athlete named in this application. I have read and fully understand the provisions of the above release, and have explained these provisions to the athlete. Through my signature on this release form, I am agreeing to the above provisions on my behalf and on the behalf of the athlete named above.

I hereby give my permission for the athlete named above to participate in Special Olympics games, recreation programs, and physical programs.
