### Basketball Rules Manual (rev. 09/2025)

All Special Olympics Ohio Basketball games are run according to the National Federation of State High School Associations (NFHS) Rules. Any modifications to those rules shall be found in this manual.

#### **NEW SOOH Rules Updates for the 2025/2026 Season**

- A revised basketball skills conversion chart has been replaced in Appendix B.
- For all basketball skills competition, a standard basketball (29 ½ inch or size 7) will be used for all Male Divisions. A smaller basketball (28 ½ or size 6) will be used for all School Aged and Women Divisions.
- For basketball skills competition, event #3 of Spot Shot, a revised set of instructions, as well as a new diagram for where the spots are located has been added. The measurements of the spot locations are slightly different than previous years.

#### **SOOH Rules Updates for the 2024-2025 Season**

- Level 2 Skills WILL NOT be offered in Ohio at this time.
- For School Age Division 1 (Ages 8-15): The effective date for calculating ages of athletes on a roster for a given season will be October 1<sup>st</sup>. Should an athlete on your roster turn 16 prior to October 1<sup>st</sup> for that season, that athlete should be placed on a roster of another team in a higher division at the start of the season. If an athlete turns 16 during the season, but after the October 1<sup>st</sup> date, that athlete may finish the season on the 8-15 School Age Division 1 team.
- For School Age Division 2 (Ages 16-21): The effective date for calculating ages of athletes on a roster for a given season will be October 1<sup>st</sup>. Should an athlete on your roster turn 22 prior to October 1<sup>st</sup> for that season, that athlete should be placed on a roster of another team in a higher division at the start of the season. If an athlete turns 22 during the season, but after the October 1<sup>st</sup> date, that athlete may finish the season on the 16-21 School Age Division 2 team.
- Teams must wear uniforms that have numbers on both the front and the back of the uniforms. Uniforms should also comply with the Special Olympics Ohio branding regulations. Please ask your regional director for clarification. While this is preferred for this season, this rule will not take effect until the 2025/2026 season.
- If a T-shirt is worn under a basketball jersey, it should be a solid color and match others on your team.
- No protests may be filed as a result of a uniform violation. The competition director and officials will make the ruling if needed if a uniform is in violation.
- All game balls used will be dictated by the competition director. Teams may not decide on a different game ball to be used, even if they both agree to do so.

- For all divisions, your roster must consist of a minimum of 5 players and may not exceed 15 players. Games must start with 5 players. Should at any time during a game, a team not be able to field at least 4 players, even due to injury or illness, the team must forfeit the game.
- All players on your roster **MUST PLAY** in each game.
- If during the second half only, anytime a team is winning by at least 25 points, the clock will run without stoppage, unless there is an injury on court or a time out is taken. If the score differential drops below 20 points, the clock reverts to regular timing.
- For Unified Divisions: Games must begin with 5 players (3 athletes and 2 partners). If due to a personal foul or injury, and if a substitute is not available to replace the athlete/partner, the game may continue with 4 players. The allowable combinations are either 3 athletes and 1 partner, or 2 athletes and 2 partners. If a team is not able to meet these requirements, the team must forfeit the remainder of the match.
- For Level 1 Individual Skills Competitions: For the spot shot event, the attempts **MUST** be taken in the order marked on the diagram, starting with the number 1, followed by number 2, then number 3, etc.
  - Additionally, for the spot shot skill, athletes should alternate their attempts by using the following procedure: The first athlete takes their shots at spots 1,2,3,4,5 and 6 then sits down. Athlete #2 then follows suit and so on and so forth for the division. Once all of the athletes in a division go through their order once, they then repeat this for their second attempts at the spots above for their total of 12 shots.

#### **IMPORTANT RULE CHANGE FROM LAST SEASON THAT IS STILL IN EFFECT:**

- When in “Bonus”, teams will shoot two free throws for common fouls, instead of the one-and-one scenario. This change eliminates the one-and-one and sets new foul limits each quarter for awarding the “bonus” free throws. In addition to awarding two foul shots for all common fouls, teams will reach the “bonus” when their opponent commits five fouls each quarter. Team fouls will reset at the end of each quarter.

#### **OFFICIAL EVENTS**

Teams must be in a training program for a minimum of 8 weeks prior to the regional competition. The State Tournament is held during the first quarter of each year. Teams must qualify for the State Tournament by placing first in their division in an Approved Regional Qualifying Tournament for the given season. Individual Skills athletes must qualify for State Individual Skills competition by participating in an approved Regional qualifying skills competition during the given season.

Special Olympics Ohio provides a range of events to offer athletes of varying abilities the opportunity to compete. The following is a list of official events available in Special Olympics Ohio.

- Individual Skills Competition: Level 1
- Team Competition (5 on 5)
- Unified Sports Team Competition (5 on 5)

#### **DIVISIONING**

ABILITY is the primary divisioning factor in Special Olympics. An entry score from a prior competition or a preliminary event determines the ability of an athlete or team. The other two criteria used for divisioning are age and gender. Ideally, competition is enhanced when all divisions accommodate at least three (3) and no more than eight (8) competitors or teams of similar ability. In some cases, however, the number of athletes or teams within a competition will be insufficient to achieve this goal.

The range of choices for entry in Special Olympics Ohio's basketball competition provides a level of competition for athletes of all abilities. While no specific measures regulate placement of an athlete in an event, the following chart is a guide for determining the most appropriate selection. An athlete's skill, knowledge of rules, and physical ability are the primary considerations. Other considerations such as number of athletes in the program, interest/motivation of the athlete, previous experience, and opportunities, for local competition may influence selection of the most appropriate event of each individual. Women Athletes may compete in Male Divisions, however, Male Athletes may not compete in Women Divisions. Athletes who are ages 8-15 may compete in School Age Division 2, however, Athletes ages 16-21 may not compete in School Age Division 1. Once a team has won their designated division at the State Tournament, they will automatically be moved to the next division up.

The athlete's final score is determined by adding together the scores achieved in each of these three events. Athletes will be pre-divisioned according to their total scores from these three events. Each event is diagrammed with the suggested number and placement of volunteers who will administer them. It is also suggested that the same volunteers remain at an event throughout the competition so that consistency is provided.

*\*Please see the appendices A, B, and C below for Level 1 Skills scoresheet, conversion chart, and scoresheet instructions.*

#### Event #1: Target Pass

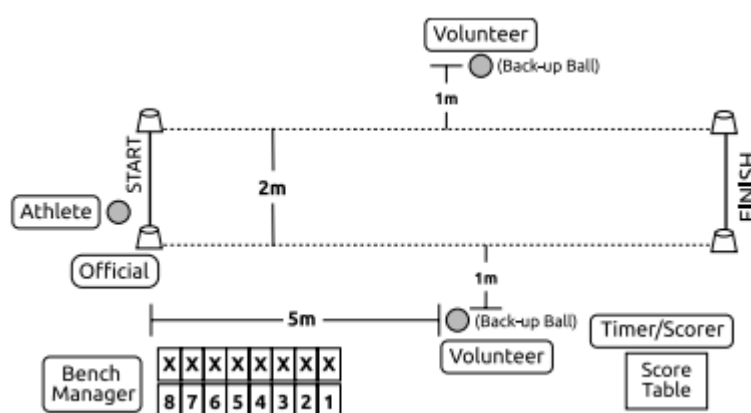

- **Purpose:** to measure an athlete's skill in passing a basketball.
- **Equipment:** Two basketballs (For all basketball skills competition, a standard basketball (29 ½ inch or size 7) will be used for all Male Divisions. A smaller basketball (28 ½ or size 6) will be used for all School Aged and Women Divisions.), flat wall, chalk or floor tape, and measuring tape.
- **Description:** A 1-meter (3 ft. 3 1/2 in) square is marked on a wall using chalk or tape. The bottom line of the square shall be 1 meter (3 ft., 3 1/2 in) from the floor. A 3-meter (9 ft., 9 in) square will be marked on the floor 2.4 meter (7 ft.) from the wall. The athlete must stand within the square. The leading wheel axle of an athlete's wheelchair may not pass over the line. The athlete is given five passes. Athletes should complete all 5 attempts in succession before moving onto the next athlete in the division.
- **Scoring:**
  - The athlete receives three points for hitting the wall inside the square.
  - The athlete receives two points for hitting the lines of the square.
  - The athlete receives one point for hitting the wall but not in or on any part of the square.
  - The athlete receives one point for catching the ball in the air or after one or more bounces while standing in the box.
  - The athlete receives zero points if the ball bounces before hitting the wall. The athlete's score will be the sum of the points from all five passes.

## Event #2: 10 M Dribble

- **Purpose:** to measure an athlete's speed and skill in dribbling a basketball.
- **Description:** The athlete begins from behind the start line and between the cones. The athlete starts dribbling and moving when the official signals. The athlete dribbles the ball with one hand for the entire 10 meters (32 ft. 9  $\frac{3}{4}$  in). A wheelchair athlete must alternate, taking two pushes followed by two dribbles for legal dribbling. The athlete must cross the finish line between the cones and must pick up the basketball to stop the dribble. If an athlete loses control of the ball, the clock continues to run. The athlete can recover the ball. However, if the ball goes outside the 2-meter lane, the athlete can either pick up the nearest back-up basketball or recover the errant ball to continue the event.
- **Scoring:**
  - The athlete will be timed from the signal "Go" to when he/she crosses the finish line between the cones and picks up the basketball to stop the dribble.
  - A one-second penalty will be added every time the athlete illegally dribbles (e.g., two-hand dribbles, carries the ball, etc.).
  - The athlete will receive two trials. Each trial is scored by adding penalty points to the time elapsed and converting the total to points based on the Conversion Chart (Appendix B). All of the athletes in a division should each attempt their first trial before starting the second trial round.
  - The athlete's score for the event is his/her best of the two trials converted into points. (In case of a tie, the actual time will be used to differentiate place).

### Event #3: Spot Shot

- **Purpose:** To measure an athlete's skill in shooting a basketball.
- **Equipment:** Two basketballs (For all basketball skills competition, a standard basketball (29 ½ inch or size 7) will be used for all Male Divisions. A smaller basketball (28 ½ or size 6) will be used for all School Aged and Women Divisions), floor tape or chalk, measuring tape and a 3.05 meter (10 ft.) regulation goal with backboard (for junior division competitions, a 2.44 meter [8 ft] goal may be used as an alternative).
- Six spots are marked on the floor. Start each measurement from a spot on the floor under the front of the rim. The athlete attempts two field goals from each of six spots. The attempts **MUST** be taken in the order marked on the diagram, starting with the number 1, followed by number 2, then number 3, etc. The spots are marked as follows:
  - #1 & #2 = 1.8 meter (5 ft., 9 in) to the left and right plus .9 meter (2.95 ft) up the key to the block.
  - #3 & #4 = 1.8 meter (5 ft., 9 in) to the left and right plus 1.8 meter (5.91 ft) up the key to the next hash mark.
  - #5 & #6 = 1.8 meter (5 ft., 9 in) to the left and right plus 2.7 meter (8.86 ft) up the key to the next hash mark.
- **Scoring**
  - For every field goal made at spots #1 and #2, two points are awarded.
  - For every field goal made at spots # 3 and #4, three points are awarded.
  - For every field goal made at spots # 5 and #6, four points are awarded.
  - For any field goal attempt that does not pass completely through the basket but does hit either the backboard and/or the ring, one point is awarded.
  - The athlete's score will be the sum of the points from all 12 shots.
  - The athlete's final score for the Individual Skills Contest is determined by adding together the scores achieved in each of the three events.
  - Additionally, for the spot shot skill, athletes should alternate their attempts by using the following procedure: The first athlete takes their shots at spots 1,2,3,4,5 and 6 then sits down. Athlete #2 then follows suit and so on and so forth for the division. Once all the athletes in a division go through their order once, they then repeat this for their second attempts at the spots above for their total of 12 shots.
